# +1250

more people with disability supports

# +\$80m

more in supports

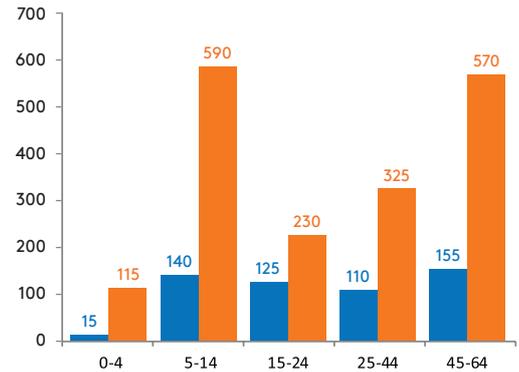

The Yorke and Mid North market for disability supports is estimated to grow from 650 people accessing supports in 2016 to 1900 in 2019.

## Growth in participants by age

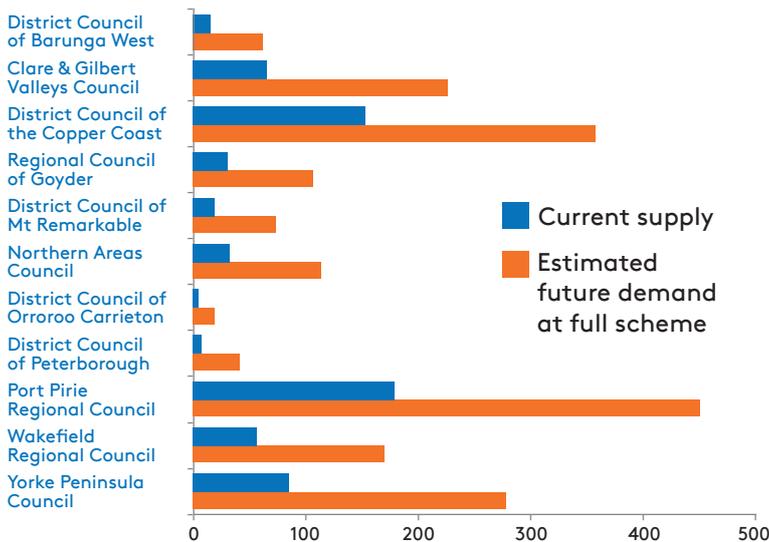

The largest increase of participants will be for those aged between 5 and 14 years of age.

## Estimated current supply and expected future demand

Overall percentage growth is expected to be greatest in the District Council of Orroroo Carrieton LGA, while the Port Pirie Regional Council is estimated to have the largest number of new entrants.

## Data limitations

Data modelling was performed by KPMG using information from DCSI and other industry stakeholders. The profile and nature of service provision in the disability sector is expected to change under the NDIS and may influence these estimates.

Therefore, these estimates are subject to change as more information becomes available.
