## NOW I'VE SEEN EVERYTHING!

**Rule 1:** Life is not fair - get used to it

**Rule 2:** The world won't care about your self-esteem. The world will expect you to accomplish something **BEFORE** you feel good about yourself.

**Rule 3:** You will **NOT** make 40 thousand dollars a year right out of high school. You won't be vice-president with a car phone, until you earn both.

**Rule 4:** If you think your teacher is tough, wait till you get a boss. He doesn't have tenure.

**Rule 5:** Flipping burgers are not beneath your dignity. Your grandparents had a different word for burger flipping - they called it 'opportunity'.

**Rule 6:** If you mess up, it's not your parent's fault, so don't whine about your mistakes, learn from them.

**Rule 7:** Before you were born, your parents weren't as boring as they are now. They got that way from paying your bills, cleaning your clothes and listening to you talk about how cool you are. So before you save the rain forest from the parasites of your parents' generation, try delousing the closet in your own room.

**Rule 8:** Your school may have done away with winners and losers but life has not. In some schools they have abolished failing grades and they'll give you as many times as you want to get the right answer. This doesn't bear the slightest resemblance to **ANYTHING** in real life.

**Rule 9:** Life is not divided into semesters. You don't get summers off and very few employers are interested in helping you find yourself. You have to do that in your own time.

**Rule 10:** Television is NOT real life. Summer Bay is not your real home and in real life people actually have to

leave the coffee shop and go to jobs.

**Rule 11:** Be nice to nerds. Chances are you'll end up working for one.

The search is on for the State's best and brightest vocational education and training students, apprentices, employers, training organisations and teachers.

Hosted by the State's Training and Skills Commission, the awards recognise and reward individuals and organisations for outstanding achievements in training.

This year there are **11 awards** including six for individuals and five for organisations.

**For more information, to download the nomination book and to nominate for an award visit**

### Want a better way to find the right people for your business?

You can trial a young person for 4 to 12 weeks in an internship so you can both be sure they're the right fit for your business. And because the trials are voluntary, you know they are motivated and eager to work.

- Youth Jobs PaTH is flexible to reflect the hiring needs of different businesses.
- You'll receive \$1000 to help cover the cost of trialing the young person.
- During the trial, you do not pay the young person. The Australian Government provides an additional \$200 per fortnight on top of their income support payment and covers their insurance.
- If you decide to hire the young person you may be eligible to receive up to \$10,000 (GST inclusive).

## Are you frustrated looking for business forms and templates?

The Resource Sharing Centre is an initiative of the Yorke Industry Leaders Group, one of 15 Industry Leaders Groups in the State.

The Yorke ILG recognises that the majority of businesses in the region are small business, who often have no dedicated HR capacity and lack the resources to spend any length of time looking for templates, policies or procedures that may be needed or useful in their business.

Some templates available to download are:

## GRANTS

### Jobs Accelerator Grant

Business SA and Apprenticeship Support Australia welcome the State Government's recent announcement of increases in the [Jobs Accelerator Grant](#) (JAG) for apprentices and trainees.

The State Government has announced that businesses that register a new employee for a JAG will receive an extra \$5,000 for an apprentice or trainee as part of a State Budget measure designed to boost employment amongst young people.

The expanded grant scheme means businesses with payrolls between \$600,000 and \$5 million will receive up to \$15,000 for each apprentice/trainee above current staffing levels, while small businesses with payrolls up to \$600,000 will receive up to \$9,000. It is hoped this will drive about 2,000 new apprenticeship and traineeship positions.
